

Requirements for Indian Head Massage Certification

- Full certification may be obtained by completing the following:
- 40 case study treatments
- Write up a summary of the case studies based on your experiences and observations. This can be handed in at time of testing. Case study materials will be returned to you when testing is complete. 40% of your final written mark is derived from your case study work
- Written exam worth 60% of the final written mark. You will have one hour to complete the exam, all materials covered are in the course manual. The format of the exam is multiple choice
- Practical exam consisting of you doing a full treatment on the instructor/tester. You must be able to demonstrate your knowledge of the techniques learned and the proper sequence in which to do them
- The passing mark for both the practical exam and written part is 80%. A certificate in Indian Head Massage will be issued once the above work is completed
- A Remote Certification Process is available to those who have attended the IHM course in person, but who live away from the Canadian Centre of Indian Head Massage.

You have up to one year from the date of your class to complete certification.

Certification Cost: \$100. plus tax. Payable at time of testing
